Commissioner

SEDIMENT POLICY
(MANUFACTURING MILK ONLY)

Suspension:

Any two consecutive high sediment counts results in a suspension.

Reinstatement Requirements:

- A producer signed "Application for Reinstatement" must be received by the Milk Safety Branch. Can be faxed.
- The sediment must be #1 or #2 before shipment of milk.

The Milk Safety Branch will notify plant, state milk Inspector, and producer (by letter) when a producer is suspended or reinstated.

It is the plants responsibility to notify hauler, producer, and field men when a producer is suspended and reinstated.
